## TOWN WARRANT

---

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, ss.

*To any Constable of the Town of Weston,*

GREETING:

In the name of the Commonwealth you are hereby required to notify and warn all of the inhabitants of the said town, qualified by law to vote in elections and town affairs, to meet in the Town Hall, in said town, on Monday, the 27th day of March 1939, at 12 o'clock noon to act on Article 1 of this warrant; and to meet in said Town Hall on the same date at 8 o'clock P. M. then and there to act upon the remaining articles of this warrant.

The polls for the election of the town officers will be opened at 12 o'clock noon and may be closed at 7:45 P. M.

ARTICLE 1. To bring in their votes for the following town officers, each to be designated and all to be voted for on one ballot, namely:—

A moderator for a term of one year,

One selectman for a term of three years,

One member of the board of public welfare for a term of three years,

One assessor for a term of three years,

One member of the school committee for a term of three years,

A treasurer and collector for one year,

An auditor for a term of one year,

One library trustee for a term of three years,  
A library treasurer for a term of one year,  
One trustee of the Merriam Fund for the Silent Poor for a  
term of three years,  
One park commissioner for a term of three years,  
One cemetery commissioner for a term of three years,  
One member of the board of health for a term of three  
years,  
Three measurers of lumber for one year,  
One member of the board of commissioners of trust funds  
for a term of three years,  
One member of the board of water commissioners for a  
term of three years,  
Five members of the planning board,  
A tree warden.

ARTICLE 2. To hear and act upon reports of town officers  
and committees.

ARTICLE 3. To determine whether the town will vote to  
transfer from the overlay reserve fund to the reserve fund  
of the town the sum of \$5000. or such other sum as the  
town may deem proper in the premises.

ARTICLE 4. To determine whether the Town will vote to  
transfer to general revenue or surplus account the so-called  
Park Fund amounting to approximately \$5,033.60 plus any  
accrued interest thereon or act anything relative thereto.

ARTICLE 5. To determine whether the town will oppro-  
priate for highway purposes under the provisions of Chap-  
ter 2 Acts of 1939 the balance of \$2,710.16 being the balance  
of the Highway Distribution Fund received from the Com-  
monwealth in 1938, most of said fund having been already  
used for hurricane damage in accordance with permission  
received from the Department of Public Works.

ARTICLE 6. To determine whether the Town will ratify

the action of the Board of Public Welfare in accepting a deed from Florence Stanley to the Inhabitants of the Town of Weston conveying to the Town certain premises on Warren Avenue with buildings thereon as reimbursement for unpaid taxes and other considerations and to take any other action relative thereto.

ARTICLE 7. To determine whether the Town will accept as a town way Granison Road as laid out by the Selectmen in accordance with the provisions of Chapter 82 of the General Laws and in accordance with a plan on file in the office of the Town Clerk.

ARTICLE 8. To determine whether the Town will vote to amend Section 10 of Article 2 of the by-laws of the Town as adopted November 17, 1925, and approved by the Attorney General of the Commonwealth on November 27, 1925, relative to the Finance Committee by striking out in the second line of said section the word three and inserting in place thereof the word nine and striking out in the sixth line of said section the word one and inserting in place thereof the word three so that the Finance Committee shall hereafter consist of nine members or to act anything relative thereto.

ARTICLE 9. To determine whether the town will vote to authorize the School Committee to expend a sum not exceeding \$18,000. for additions to the grammar school building and providing for additional floor space therein including the cost of original equipment and furnishings thereof; to appropriate \$3,000. of said sum to be raised by taxation during the current year as required by Section 7 of Chapter 44 of the General Laws and to raise by borrowing the sum of \$15,000. to be expended for said purposes under the supervision of the School Committee and the vote to issue such bonds or notes as may be necessary or advisable in connection therewith.

ARTICLE 10. To determine whether the town will authorize the Board of Water Commissioners to extend the town water main from a point near the corner of South

Avenue and Ware Street to a point at the corner of South Avenue and Oak Street; to raise by borrowing a sum not exceeding \$8,000. to be expended for said purpose under the supervision of the Board of Water Commissioners as a W. P. A. project and to vote to issue such bonds or notes as may be necessary or advisable therewith.

ARTICLE 11. To determine whether the town will accept a gift of a parcel of land at the junction of Ridgeway and Chiltern Roads as shown on a plan on file in the office of the Town Clerk, or act anything relative thereto.

ARTICLE 12. To determine whether the town will grant permission to Weston College to establish and maintain a private cemetery on the property of said College as shown on a plan dated April 16, 1930, on file with the Board of Health of the town, such permission having been recommended by the Board of Health after a public hearing, and to take any other action relative to said matter.

ARTICLE 13. To determine whether the town will vote to accept Section 19 of Chapter 152 of the General Laws (Tercentenary Edition) as amended by Chapter 403 of the Acts of 1936.

ARTICLE 14. To raise and appropriate by borrowing or otherwise, such sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles, or as may be required to defray the expenses of the town for the ensuing year; and especially to act upon all the appropriations asked for or proposed by the selectmen or by the town officers or committees in their reports; and to authorize the town treasurer, with the approval of the selectmen, to borrow money from time to time in anticipaiton of the revenue of the financial year beginning January 1, 1939, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44 of the General Laws.

And you are to serve this warrant by posting three at-

tested copies thereof, according to the vote of the town, namely, at the Town House, at the Kendal Green Post Office, and on the town bulletin board at the junction of South Avenue and Park Road and Newton Street seven days at least before the time appointed for said meeting.

Hereof fail not; and make due return of this warrant with your doings thereon to the selectmen at the time and place of said meeting.

Given under our hands this first day of March in the year of our Lord one thousand nine hundred and thirty-nine.

HERBERT E. TYLER,

BRENTON H. DICKSON, JR.,

B. LORING YOUNG,

*Selectmen of the Town of Weston*

## REPORT OF THE SELECTMEN

---

The Selectmen submit the following report for the year ended December 31, 1938, and include herein the budget of appropriations recommended for the year 1939 as provided by Section 5 of Article II of the By-Laws. These appropriations have been approved by the Finance Committee.

At the annual town meeting held March 28, 1938, Brenton H. Dickson, Jr., was re-elected as a member of the Board for a term of three years. The Board organized immediately after the annual town meeting by the election of Mr. Tyler as Chairman and Mr. Young as Secretary.

During the year 1938 the Board held twenty-five meetings, three special meetings as a Board of Appeals, three joint meetings with the Finance Committee and two public hearings. Members of the Board have also from time to time conferred with other town officers and have attended hearings at the offices of the County Commissioners of Middlesex County and at the State House in Boston.

The list of officers and committees elected or appointed during the year and also a list of licenses and permits granted by the Board are set forth in detail in the Town Records printed hereinafter in this volume.

### Town Finances

The Selectmen urge the voters of the town to study carefully the table of appropriations recommended by the Selectmen and the Finance Committee. Weston, like other towns, will have to increase its tax rate not so much because of municipal expenditures but because of the growing deficits in the government of the Commonwealth. We will try to explain in detail the reasons for the changes from last year.

*Election and Registration* increases from \$500 to \$1500 because of the passage of Chapter 427 of the Acts of 1938 which requires every voter in Massachusetts to re-register

before December 31, 1939. This act is aimed to eliminate in all cities and towns the names of fraudulent voters. This will require the temporary appointment of several assistant registrars of voters and the purchase from the Commonwealth of a considerable amount of printed matter and cards that must be signed by every voter. The voters will be notified as soon as the cards have been received from the Secretary of the Commonwealth so that they will have an opportunity to register during the present year.

*Hydrant Service* is increased from \$6000 to \$7000. This is because of the additional number of hydrants in the town based partly on some water main extensions and partly on the acquisition of the mains and hydrants of the Weston Real Estate Trust by vote of the Town Meeting held in 1938.

*Moth Extermination* is decreased from \$8000 to 5000. Last year we purchased a truck and the work was done in a most efficient manner by the local moth superintendent, Mr. Edward P. Ripley. The Selectmen are convinced that the people were wise in allowing the Selectmen to decide whether the town should do its own work or let it out by contract. We are convinced that Mr. Ripley did the work more cheaply and much more efficiently than it could have been done by the contract system.

*Tree Warden* is increased from \$1000 to \$1500. The hurricane has left many of our beautiful shade trees in terrible condition. Broken limbs must be pruned and the wounds properly painted. Trained men are needed for this type of work. We can not expect to save all our trees, and \$1500 is the very minimum with which we can make a start on what ought to be a fairly extensive program. In this connection we wish to point out that by reason of the purchase of a new spraying machine Mr. Ripley was able to spray the elm trees to eliminate the elm leaf beetle as well as the gypsy moth, thereby removing a former duplication of work and expense.

*Highway Maintenance* under Chapter 90 is an item of \$2000 by which we hope to get an equal appropriation from the Department of Public Works of the Commonwealth and

an equal amount from the County of Middlesex for necessary repairs on North Avenue.

*Sidewalks* is increased from \$1000 to \$1500. The hurricane stopped all work on sidewalks last year and many are badly in need of repair.

*Street Lighting* is increased from \$9,800 to \$10,000. The appropriation would have been exceeded last year had it not been for the period when there was no street lighting due to the hurricane.

*Charities.* The various items under this heading have been entirely rearranged in accordance with the mandatory requirements of the Federal Government, namely the Social Security Act. We can not get Federal credits unless the expenses of administration are broken down into the three items of dependent aid, old age assistance and aid to dependent children. The appropriations for assisting unfortunate and elderly people have increased to an alarming extent. The total for charities in 1935 was \$7100; the recommendations for 1939 are \$22,300. These figures have been carefully studied by the members of the Department of Public Welfare, by the Selectmen and by the Finance Committee, and we do not see how the recommendation of \$22,300 can safely be decreased without causing actual suffering.

*Soldiers' Benefits* are decreased from \$800 to \$100 because we have no dependent military case now resident in the town.

*School Department.* The item for salaries is increased from \$59,600 to \$62,700. The item for all other expenses is increased by \$500 and the item for Vocational Education is increased by \$200. The School Committee feels that they must enlarge the Grammar School Building and their report is conclusive of the necessity of providing \$18,000. It is required by Section 7 of Chapter 44 of the General Laws of the Commonwealth when cities and towns borrow money that "no loans shall be authorized in any year . . . unless a sum equal to twenty-five cents on each \$1,000 of the assessed valuation of the city or town for the preceding year has been appropriated from available revenue funds or

voted to be raised by taxation for the purposes set forth in such clause in the year when the loan is authorized." This means that if we need \$18,000 in cash for this addition to the Grammar School Building we must appropriate from general taxation the sum of \$2,643.18. If it is decided by the town to borrow money for this purpose, it would seem simpler to appropriate \$3000 and issue \$15,000 of bonds. The bonds could be issued in serial form payable \$1,000 a year for fifteen years.

*Library Incidentals* are increased from \$4300 to \$5900 in order to take care of some needed repairs as set forth in the report of the Library Trustees and to pay an additional salary of \$1,000 to Miss Maude Pennock who has served the town faithfully as Assistant and Librarian for thirty-six years. Weston has no pension system but certainly a town employee who has served faithfully and well for thirty-six years should not be allowed to retire until she has received at least \$1,000 on leave of absence. She will be available from time to time during the current year to advise the new Librarian.

For *Taking and Improvement of Land for Recreational Purposes* the appropriation is reduced from \$2325 to \$500 which we think will be enough to insure completion of the improvement of the school property. The skating pond has already been built with funds from the Federal Government under W. P. A. and has given pleasure not only to the school children but to other residents of the town.

The *Planning Board* received nothing last year, but this year in view of further studies being made it would seem proper to allow that Board an appropriation of \$250.

The item for *Insurance* is reduced from \$4500 to \$1500.

The item for *Federal Projects* is reduced from \$3000 to \$2500.

For the *Dwelling House* at Cutter's Corner owned by the town the appropriation of \$200 is the same. This cottage is rented and brings in \$720 a year which goes into the town treasury; so this property is a paying proposition.

The *Water Department* received last year \$17,000 for

maintenance and spent only \$12,000. In view of the fact that they are receiving \$1000 additional for hydrant service, that item being paid over to that Department, a reduction of \$2000 would be proper. The reduction in interest on water debt is automatic because of the gradual reduction in that debt through annual maturities of bonds.

The Superintendent of *Burial Grounds*, Mr. Winfred A. Martin, has done a splendid piece of work in cleaning up the cemetery and much of the wood has been sold in the form of logs at good prices. In order to finish the job he will need an additional \$1000 over last year's appropriation so we have recommended an item of \$7700.

Fortunately there is a surplus in the *Overlay Reserve Fund* sufficient to take care of the entire item of \$5,000 recommended for the Reserve Fund. The Overlay Reserve Fund is created by a slight additional assessment made each year by the assessors to take care of abatements. When the time for abatements has expired the fund becomes available for General Revenue or surplus, but this will require a vote in town meeting.

The total appropriations recommended exclusive of the \$15,000 bond issue aggregate \$273,477.50 as compared with \$269,565.00 for 1938—an increase of only \$4000. Fortunately this is more than offset by the fact that we have obtained authority from the Division of Municipal Accounts at the State House to transfer the old Park Fund now appearing on the town books as \$5,033.60 to General Revenue or surplus. This Park Fund goes back to the year 1892 when the late Charles Wells Hubbard, always a benefactor of the town, deeded to the town nineteen acres on East Newton Street, now Park Road, for a town park. This is now used as a part of the Riverside Public Golf Course, the land having been transferred several years ago to the Metropolitan District Commission for care and police protection. The town can obtain the land back on five years' notice. According to law this has never been a trust fund but, like Topsy, it just grew. The land was rented from time to time to various farmers for hay and other

purposes and the Park Commissioners apparently without authority of law kept the money in a separate fund and for a time had their own treasurer. There is not the slightest question that the Park Commissioners administered this fund very wisely because it has grown from a receipt of \$5.00 in 1893 to more than \$5000. This transfer will more than offset the increase in appropriation unless the town decides to extend the water main on South Avenue, a matter which is covered by a separate item in the warrant.

In addition the bond maturities this year will be reduced from \$37,000 to \$33,000. These figures prove that the town as a municipal corporation will need to raise no more taxes this year than it did last year unless the tax collector fails to collect the outstanding taxes. We cannot appropriate against a book surplus. The cash has to be in the treasury and not in the hands of delinquent tax payers. We therefore urge every tax payer in arrears to pay up back taxes.

We are informed by the Department of Public Welfare that they have accepted a house on Warren Avenue and have recorded a deed as payment for back taxes and other considerations. Such an acceptance and record of deed are of absolutely no effect under the law but we suggest that the town ratify this action and immediately take steps to sell this property. The town owns one cottage at Cutter's corner which was given by Mrs. Bancroft C. Davis, long a resident of the town, but we certainly do not want to have the town in the real estate business.

*W. P. A.* The Selectmen are still of the opinion that the town has derived very considerable benefits from the W. P. A. regardless of what we may think of it as a national program. The topographical survey project, a continuation of work started several years ago, has been approved and is now employing ten residents of the town. The project for completing the work on the school property will be completed next summer and will employ from time to time perhaps ten men. A project has been approved to clean up the damage caused by the hurricane in the cemetery. Also at the present time we have in progress a fire hazaard project

which employs over two hundred non-residents who are brought in by trucks without expense to the town except for tools. Mr. Charles H. Stimpson, Jr., has continued as the Sponsors' Agent acting on behalf of the Selectmen in a general supervision of all W.P.A. work. Proposals for projects have to be completed in Weston, then approved in Middlesex County Office in Medford, then by Colonel John J. McDonough in Boston and then by Colonel Harrington, the head of the W.P.A. in Washington. Mr. Stimpson has become familiar with the methods employed by the various offices and the Selectmen have spent a good deal of time in speeding these projects along on the road to Washington and back.

*Burden of State Tax.* The following figures speak for themselves:

1929

Weston received from State . . . . .	\$31,936.29
Weston paid to State . . . . .	21,682.00*
Favorable Balance of . . . . .	\$10,254.29

(\*State Tax of \$9,605 together with other expenses of Metropolitan District, Charles River Basin, etc.)

1938

Weston paid to state . . . . .	\$31,127.92*
Weston received from State . . . . .	28,394.92
Unfavorable Balance . . . . .	\$ 2,733.00

(\*State Tax of \$25,670.00 together with other expense of Metropolitan District, Charles River Basin, etc.)

In 1929 the basis of Weston's apportionment of the State Tax of \$9,605.00 was \$1.13 per thousand dollars. Weston apportionment of the 1938 State Tax was \$1.51 per thou-

sand of the State Tax or a total of \$25,670 as against \$9,605 State Tax in 1929. By reason of the frightful extravagance of the last two state administrations we face a probable state tax in 1939 of from twenty-five to thirty million dollars which will be a crushing burden to real estate. We wish to call the attention of the Assessors that our adjacent town of Wayland is assessed eighty-eight cents per thousand on the state tax and our nearby town of Concord with its much greater population and assessable property has a basis of apportionment of the state tax of only \$1.58 as against Weston's \$1.51. A few years ago we received from the state more than we paid. Today the reverse is true and it will continue to be true in greater and greater degree. The efforts of tax payers should therefore be directed not so much against municipal expenditures as against state and also county expenditures.

We believe that lower assessments, more in conformity with actual sale value today, and a higher tax rate will greatly lessen the growing burden due to increasing deficits in the state government.

*Pending Litigation.* The suit brought several years ago by Mr. Charles A. Freeman for \$10,000 against the town and the selectmen personally for injury to his mill pond by reason of the construction of the By-pass has been assigned for hearing on April 10th. The Selectmen have retained counsel and will contest the action. The five MacDonald claims for a defect in a highway have been filed in the Waltham Court and the time for removal to the superior court has expired. We believe these claims to be without merit and will contest them. We believe it bad policy to recognize the nuisance value of small claims because it merely encourages other persons to bring action whenever an automobile skids on a slippery road.

The Selectmen in 1938 appointed a committee on insurance consisting of Messrs. Livingston Hall, Archibald G. Monks, William R. Dewey, Jr., Harry T. Van Huysen and Arthur H. Morse. The Selectmen have given a great deal of thought to their report and wish publicly to thank the

members of the committee. The Selectmen believe that this is not a subject which should be thrown into debate in town meeting but should be settled by town officials entrusted by law with the responsibility of determining what type of insurance should be carried and what valuation should be placed on town property. A decision will be made soon.

The hurricane which occurred on September 21, 1938, was, according to authorities, the most destructive in property values of any hurricane ever known in the world. We have had storms of similar type in New England in 1635, 1788, 1815, 1821, 1869, 1893 and 1930. This one apparently originated near the Cape Verde Islands off the west coast of Africa and became a whirling circular storm spreading over a diameter of 200 miles then suddenly increased its speed as it turned north from Long Island to New England from 20 to 60 miles per hour. The rotating speed plus the traveling speed totaled 150 miles per hour in some of the worst exposures. Weston being east of the track of the center was in the area of greatest destruction. This does not of course apply to the damage by flood along the shores of Connecticut and Rhode Island which was even worse. It will be many years before the devastating effects of this hurricane disappear and it therefore behooves the town as well as our citizens generally to repair surviving trees and to plant new ones so that future generations may know the beauties we have enjoyed in the past. Much of this material has been taken from the Selectmen's Report of the Town of Concord and quoted almost in the identical words of G. Winthrop Lee, Esq., who wrote an article on the hurricane.

We are of the opinion that Weston was the first town to apply to the Department of Public Works for permission to use the Highway Distribution Fund for the hurricane emergency. The following telegram may be of interest: "Boston, Mass., September 23, 1938. B. Loring Young, 75 Federal Street, Boston. Approve use Chapter 500 funds to rehabilitate highways, sidewalks and clean roads of trees damaged by recent storm. William F. Callahan, Commis-

sioner." This telegram was received after telephone conversation between Mr. Young and Mr. Callahan.

It may please the voters of the town to know that the Massachusetts Selectmen's Association at their annual meeting in December at the State House awarded third prize for the 1937 Weston Town Report.

We wish to thank all town officers, committees and employees of the town for their faithful work during the past year, particularly during the critical period of the hurricane.

HERBERT E. TYLER,

BRENTON H. DICKSON, JR.,

B. LORING YOUNG,

## REPORT OF W.P.A. AGENT

TO THE BOARD OF SELECTMEN:

During 1938 the Federal Government contributed \$13,619 toward relieving unemployment in Weston. The Town's contribution was about \$4,000.

The accomplishments of this expenditure were: clearing three and one-half acres of the proposed athletic field, building a pond for skating, assisting in clearing the highways of hurricane damage, and a survey of one thousand acres of the town for the preparation of assessors' plans.

The three and one-half acres of athletic field was cleared of stumps, dead wood and brush, and the sod turned over.

The pond has a skating surface of about twenty-five thousand square feet, when completed the pond will have an area of about one and one-half acres. The pond was built by excavating to provide for a depth of water of one and one-half feet at the deep end and six inches at the shallow end. A dyke with a clay core was placed around two sides of the pond. This core goes down to hard ground below the peat a depth varying from five to ten feet. We have been successful in holding the water and next year the pond can be completed to its full size with assurance that it will be a success.

The Assessors plans when completed will be of great value to the Board of Assessors, the Planning Board, and the Board of Survey. The plans will show a description of each parcel of land in the town with the location of buildings and topography.

For one week after the hurricane of last September twelve men worked on a W.P.A. payroll helping clear the highways of fallen trees.

There was an average of twenty-three men working on these projects during the year.

Respectfully submitted,

CHARLES H. STIMPSON, JR.,

*Selectmen's Agent.*

At this time I should like to call to the attention of the people the serious consequences which might result from chasing the fire engines to fires. This could cause a serious or even fatal accident. It also impairs the efficiency of the fire department which means a greater loss of property. There is a law prohibiting such an act and if it continues, drastic measures will have to be taken such as suspension of driving licenses or court action. Most of the offenders are Weston residents and I am therefore taking this opportunity to give them fair warning that this practice absolutely must stop.

I also want to suggest that people who go away and leave their houses unoccupied should not leave any valuables in the empty house. If they cannot take their jewelry, etc., with them, it should be put some place for safe-keeping. Anyone who wishes to put their valuables in a box and lock or seal it may leave it in the police station until they return. We would much rather take care of it here than spend several days trying to locate stolen articles in pawn shops and second-hand places.

At the present time we seem to have the usual amount of work and I therefore recommend the same appropriation as last year—\$15,000.

Respectfully submitted

J. SUMNER VILES,  
*Chief of Police.*

## REPORT OF THE SUPERINTENDENT OF STREETS

---

To THE BOARD OF SELECTMEN:

*Gentlemen:*

I herewith submit the annual report of the Highway Department for the year 1938.

During the year the sum of \$32,346.45 has been expended for Highway maintenance and \$4,839.84 for work in connection with the hurricane.

The principal items listed in the Auditor's report are as follows:

Salaries and Wages . . . . .	\$17,693.13
Broken Stone, Sand & Gravel . . . . .	2,397.81
Tarvia and Road Oil . . . . .	2,484.20
Gasoline & Road Oil . . . . .	1,513.41
Pipe, Lumber & Cement, etc. . . . .	1,377.55
Fuel & Electric Power . . . . .	282.65
Small Equipment & Repairs . . . . .	2,533.38
Snow & Ice . . . . .	3,277.43
All Other . . . . .	786.89
Total . . . . .	\$32,346.45

### State Highway Fund

Salaries & Wages . . . . .	\$4,490.59
Other Expense . . . . .	349.25
Total . . . . .	\$4,839.84

Regular maintenance work has been carried on by the department as usual and in addition we were able to complete the Sunset and Conant Road drainage system and the W. P. A cutoff project on Conant Road. After the completion of these projects work was begun on Wellesley Street where we had previously started the widening of the bad corner between the estates of Mr. Sweet and Mr. Slayton.

Final surfacing was done and a stone wall built around the curve.

While work was going on on Wellesley Street a portion of the southerly end of Highland Street which has always given trouble in the springtime because of frost action was excavated. Many of the large stones excavated on this job were loaded and hauled to Wellesley Street and used in building the stone wall mentioned as a part of that project.

About a mile of the southerly end of Winter Street was scarified, widened in places, regraded and resurfaced.

The above-mentioned work had just been completed and we had started on our regular surfacing program when the hurricane struck us. We were of course obliged to stop all road work and start cleaning up the highways and sidewalks.

While the streets are now fairly free of brush and debris there are still quite a number of stumps to be removed and considerable repair work to be done to walls and fences as soon as the weather is suitable. For this reason I recommend that the balance of the State Fund which is available for this purpose be carried over to be used for a final cleanup of the hurricane.

The wood and timber from the streets was taken to the town yard at Kendal Green and is now being sorted. The wood will be cut up and used for relief and highway purposes and the logs will be sawed into timber. The Highway Department uses each year a considerable amount of lumber for various purposes and wood for heating our asphalt kettle. We will therefore profit to some degree from the hurricane.

I want to take this opportunity to thank the people of Weston for their co-operation while the Highway Department was cleaning up the streets and sidewalks.

I also want to bring to your attention one other fact in connection with this catastrophe of which we may justly feel proud and that is that while all this work of sawing and chopping down trees and brush was going on and we had as many as fifty-two men working at one time only two minor

accidents occurred which necessitated a visit to a physician. The credit for this splendid record belongs to the men, many of whom were not accustomed to the handling of saws and axes, and who obediently and cheerfully accepted safety orders given for their protection.

Since the hurricane we have replaced three old culverts, one on Highland Street and two on Oak Street. All three of these culverts were inadequate and caused water to flow across the streets in times of flood. Several other stone culverts will have to be replaced this coming year because of their poor condition.

In planning work for 1939 I am sure that we will be faced at the outset with the most serious breakup of the surfaces of the roads which we have seen for many years and which will necessarily call for a great deal of extra work and material to keep them safe for travel. Patching work is always expensive and this fact is the main reason for building our own mixing plant at Kendal Green.

While the disintegration of the surface of a road caused by frost action cannot be entirely stopped, except by complete excavation of the poor base material, it can be delayed by more frequent applications of bituminous materials. Authorities agree that best results are obtained on gravel surfaced roads by applying a light coat of asphalt or tar at least every three or four years. The best we can do with the funds available is about once in seven years. Each year this situation leaves us with a considerable mileage which is in poor shape and it will be worse in 1939 than ever, because of the hurricane. Only about three and one-half miles of our approximately forty-eight miles of highway received a treatment in 1938 so it will be necessary for us to do more of this work in 1939.

In my report for the year 1936 I advocated some repair work on North Avenue under Chapter 90 Maintenance. After receiving approval of the project by the County and the State no funds for this purpose was made available by the Town of Weston so the work could not be done. I am again recommending that this work be done but there is

some question now as to whether the State and County can co-operate because their budget for 1939 has already been made up and funds under these chapters allotted to the various cities and towns, subject of course to aproval by the Legislature. As I have emphasized in past reports the Town of Weston should take advantage of the chance to improve its highway system under Chapter 90 and make its request to the Massachusetts Department of Public Works at the hearing generally held in October for that purpose.

### Snow and Ice

The sum of \$3,277.43 was expended for the removal of snow and the sanding of streets and sidewalks.

It has been the policy of the Highway Department to give as much service as possible consistent with our equipment and appropriation. It must be remembered that where the money for snow removal is combined with the general highway appropriation as it is in Weston, unreasonable requests for service in this respect will inevitably result in less regular road work and therefore poorer roads.

In my opinion persons who have the best interests of the town at heart would rather be slightly inconvenienced than to have more money spent unnecessarily on something which is only personal and which has no lasting benefits.

### Sidewalks

The entire appropriation for sidewalks for 1938 was returned to the treasury not because there was any lessened need for construction but because the hurricane forced us to postpone the work until it was so late in the season and the weather so uncertain that it was doubtful if good results could be obtained. It seemed best to postpone this work until another year and to do more of it then. I therefore recommend the appropriation of \$1500 for 1939.

### Equipment

A total of \$1,644.62 was expended for equipment in 1938 most of it for the erection of a small asphalt mixing plant

at our pit at Kendal Green. It will cost approximately five hundred dollars to complete this plant and when it is finished, which we hope will be in the spring, we will be able to mix our own patching materials at a considerable saving to the town. It will probably be necessary to replace one of our trucks this year and purchase another snow plow as well as to complete our asphalt plant. I therefore recommend an appropriation of \$2000.

### Recommendations

Highway Maintenance . . . . .	\$37,000.00
Sidewalks . . . . .	1,500.00
Equipment . . . . .	2,000.00
	\$40,500.00
Chapter 90 Maintenance . . . . .	2,000.00

I wish to express my appreciation to the employees of the Highway Department and all extra men for their loyal support this past year.

Respectfully submitted,

GILBERT M. UPHAM,  
*Superintendent of Streets.*

## REPORT OF THE SEALER OF WEIGHTS AND MEASURES

---

TO THE BOARD OF SELECTMEN:

*Gentlemen:*

Following is the report of the Sealer of Weights and Measures for the year ending December 31, 1938:

Scales:

	Adjusted	Sealed	Non-Sealed	Condemned
Platform, over 10,000 pounds . . . —	3	—	—	—
Counter, under 100 pounds . . . —	6	—	—	—
Beam, 100 to 5,000 pounds . . . 1	10	—	—	—
Spring, under 100 pounds . . . —	17	—	—	—
Computing, under 100 pounds . . . —	9	—	—	—

Weights:

Apothecary . . . . .	—	8	—	—
----------------------	---	---	---	---

Volumetric Measures:

Liquid Measures . . . . .	—	24	—	—
---------------------------	---	----	---	---

Automatic Liquid-Measuring Devices:

Gasoline Pumps . . . . .	—	1	—	—
Gasoline Meter Systems . . . . .	—	15	—	—
Tank Truck Meter Systems . . . . .	—	1	—	—
Kerosene Pumps . . . . .	—	3	—	—

This work does not seem to increase very much and I recommend an appropriation of \$100.00 for the ensuing year.

Respectfully submitted,

J. SUMNER VILES,

*Sealer of Weights and Measures.*

## REPORT OF THE INSPECTOR OF BUILDINGS

---

To THE BOARD OF SELECTMEN:

*Gentlemen:*

The Inspector of Buildings respectfully submits the following report for the year ending December 31, 1938:

During the year 39 permits were issued, of which 14 were for new dwellings. Fees collected amounted to \$86.00, which have been paid to the Town Treasurer:

Estimated value of new dwellings . . . . .	\$122,000.00
Estimated value of additions to dwellings . . . . .	17,135.00
All others . . . . .	123,000.00

Yours truly,

FRANKLIN C. MULOCK,

*Inspector of Buildings.*

## REPORT OF THE INSPECTOR OF WIRES

---

To THE BOARD OF SELECTMEN:

*Gentlemen:*

The Inspector of Wires respectfully submits the following report for the year ending December 31, 1938:

Number of permits issued . . . . .	106
Fees collected . . . . .	\$53.00

All fees collected have been paid to the Town Treasurer.

Yours truly,

FRANKLIN C. MULOCK,

*Inspector of Wires.*

## REPORT OF THE SUPERINTENDENT OF MOTH WORK

---

TO THE BOARD OF SELECTMEN:

*Gentlemen:*

Owing to the rapid increase during 1936 and 1937 in the gypsy moth infestation, not only in Weston but throughout all the infested area resulting in 1937 in many acres of entirely defoliated trees, it was decided that winter creosoting of egg clusters must be supplemented by spraying with arsenical poisons during the feeding season of the caterpillars.

At the annual town meeting in March 1938 money was appropriated and a Guptill high pressure sprayer and truck to carry it purchased. Spraying was so timed as to control also the feeding of the elm beetle which have been serious on our elm trees. Although spraying operations were hampered by much rainy weather excellent results were obtained and no street trees were defoliated as in the previous season. Sections where the roads go through badly infested woods the hose was carried in and a wide belt sprayed to prevent the caterpillars eating through to the streets. Much credit is due to the excellent work of the spraying crew.

Owing to the destruction of many trees by the September hurricane it behooves us to be more than ever zealous in the care of the trees that are left. After consultation with the State Department of Conservation we recommend an appropriation of \$5000, for the present year.

Respectfully submitted,

EDWARD P. RIPLEY,

*Superintendent Moth Work.*

## REPORT OF THE TREE WARDEN

---

The trees of Weston are of course, as a result of the hurricane, in very bad shape and a considerable number of them will have to be removed this year because of their dangerous condition. Just how the restoration of these trees should be undertaken without excessive expenditures of money is something that is being carefully considered throughout the hurricane area at the present time.

In my opinion we in Weston should adopt a long range program with a reasonable expense each year and devote our efforts mainly to those trees that are now in reasonably good condition and can at small expense be made perfect.

Again, as a result of the hurricane, I believe we will see in the next few years a tremendous increase in the elm beetle population. This beetle which is the main carrier of the dreaded Dutch Elm disease breeds under the bark of dead elm trees and limbs and there are countless thousands of elm logs and branches scattered throughout our woodlands.

The best way to control the elm beetle is to burn all dead elm wood, but we all realize that this cannot and will not be done for financial reasons so our only course of action left against this pest is an intensive spraying program.

As all our tree spraying is now done very effectively by our own Moth Department I hope that they may receive sufficient funds to do this work as thoroughly as possible this coming season.

For the tree warden's work I recommend an appropriation of \$1500.

Respectfully submitted,

GILBERT M. UPHAM,  
*Tree Warden.*

The September hurricane did considerable damage to the outside wires of the fire alarm system. Four miles of damaged wire has been replaced with new wire and there still remains about twenty miles of old wire which is in doubtful condition. As time goes on short circuits and breaks will appear in this old wire because the strain of the storm has left the wire in poor condition. The cost of hurricane damage to date is close to two-thousand dollars.

Another result of the hurricane which affects the fire department is the serious fire hazard which exists in the woods of the town. Very bad fires are liable to result from this condition. To combat this we feel that we should have another piece of brush fire apparatus at a cost of about thirty-eight hundred dollars.

The ladder truck which we have recommended for the past two years is still very much needed.

Last year we mentioned in our report the need of care in the use of incinerators. We continued to have fires from that source. Permits are necessary for these fires just the same as for fires in the open.

On several occasions last year we had valuable and much

appreciated help from the fire departments of Waltham, Newton and Wellesley.

For regular maintenance appropriation we recommend the amount of \$13,000.

## REPORT OF THE PARK COMMISSIONERS

---

The Park Commissioners submit the following report for the year 1938.

The cost of maintaining the Town Common was considerably higher than it has been during the past few years. There were three contributing reasons for this. First, there was urgent need for some tree work and this was done in March at which time we got an off season discount of 20%. Second, 1938 has had the greatest precipitation of any year since 1881, which necessitated a greatly increased amount of mowing. Third, the work resulting from the hurricane cost over \$100.

The expenditure of \$599.70 was well in excess of the annual income from the H. S. Sears, Town Common Fund, but fortunately there is an accumulation of income which can be drawn on instead of asking for an additional appropriation.

Several trees were blown down on the triangle at Ware Street but they are being removed for the wood. One was broken off at the Cases' Corner and will have to be replaced next year. On the Fiske Lot, eighteen red pines have been pulled up and guyed, and five large elms, besides various other trees went down and have been cut up.

Last year there was a fairly large number of gypsy moth egg clusters on the Town Common, but this year a half hour's search failed to reveal a single one.

We recommend an appropriation of \$100.

## REPORT OF THE BOARD OF PUBLIC WELFARE

---

The Board of Public Welfare submits the following report for the year ending December 31st, 1938.

At the annual town election, March 28th, the Rev. Stephen Webster was re-elected a member of the Board of Public Welfare for a period of three years. On March 31st the Board organized with Mr. Slayton as chairman and agent. Mrs. Warren and Mr. Webster continued as visitors.

Brief comments on the various categories of relief follow:

### Dependent Aid

Our expenditures in this department, from which general relief is rendered, were considerably less than we had anticipated due chiefly to the fact that medical expenses declined to one-third of what they were in 1937. The hurricane in September was a help, in that we were able to drop all of our employable cases for quite a few weeks. Hurricane wood was delivered, by the Highway Department, to families who were receiving relief in one form or another and who had use for this type of fuel.

In February we inaugurated a plan requiring employable recipients to work out their relief. We estimate that our Highway and Cemetery Departments benefited under this plan to an extent of \$3,102.75. The plan would not have been workable without the cooperation of the Superintendents of these two departments.

Forty individuals applied for W. P. A. during the year, nineteen were certified, of which eleven were assigned to work. Of the eleven assignments made, ten were from our relief rolls and reduced our case load by that much. Our

last certification was dated August 30th, 1938. Since that time our quota has been full and no further certifications have been allowed. It appears, at the time of this writing, that the W. P. A. rolls will be reduced in number, if changed at all, during the first half of 1939. The work of this Board in connection with W. P. A. is confined to certification and cancellation. A report of the W. P. A. Agent will be found elsewhere in this Town Report.

Information from the records of the Massachusetts Unemployment Compensation Commission have been available to us since April. This information has, in many cases, been pertinent to the establishment of eligibility of the applicant for relief. We know of no case however, in which the matter of compensation has been more than a delaying factor, the applicant appearing on our rolls a few weeks later than he ordinarily would have.

The State Department of Public Welfare, through its Surplus Commodities Division, has continued to distribute food and clothing to relief recipients. The combined value of the products so distributed amounted to \$1,766.99.

Our employment service which, in years past has recommended individuals for all types of work, has had a gradual decline in usefulness. The failure of townspeople to inquire as to the availability of the right person to fill their particular requirement is responsible for this condition. It would be well for Weston people to keep this in mind when needing extra help about their homes, particularly in the spring and summer months. In this connection it should be noted that of the 59 general relief cases in 1938, 49 were employable.

It has been unnecessary to take legal action to effect reimbursement, except in two cases, which were settled prior to actual trial.

Property at 31 Warren Avenue, consisting of a single house and land was acquired for the town.

Fifteen applications for Dependent Aid were denied, there appearing to be either sufficient income or resources, or relatives able to support.

### Aid to Dependent Children

This type of aid is an outgrowth of the 'Mothers Aid' law and as now amended conforms to the Social Security Act under which grants for aid from the Federal Government are available to cities and towns in the Commonwealth. We quote here from the Act, the definition of a 'Dependent Child' which describes briefly the intent of the Act.

'A child under the age of sixteen who has been deprived of parental support or care by reason of the death, continued absence from home or physical or mental incapacity of a parent, and who is living with his father, mother, grandfather, grandmother, brother, sister, stepfather, stepmother, step brother, step sister, uncle or aunt in a place of residence maintained by one or more of such relatives as his or their own home, whether or not they or any of them have a settlement within the Commonwealth.'

We have had three such cases during 1938.

### Old Age Assistance

This type of assistance, amended in 1936 to conform with the Social Security Act, receives so much publicity through the press and radio, that little need be said to acquaint the public with its scope. The proposed legislation, both Federal and State, is ever broadening. Bills failing to pass do so by small margins. The expenditures for this form of assistance would be greatly increased were bills now pending to become law. Increasing the amount of real estate equity allowed a recipient, from \$3,000 to \$5,000, eliminating the liability of children to support, decreasing the age limit from 65 to 60 years and increasing the amount of minimum monthly payments from \$30 to \$60 are the more important bills before our 1939 Legislature. You can help to defeat or pass these bills by registering your opinion in a letter directed to your Representative or Senator.

A rural survey of twenty-three representative towns, not including Weston, conducted by the State Department of

Public Welfare shows the per capita costs of all types of relief for the month of September 1938. The lowest was 44c and the highest \$2.68. The average was \$1.10. Our per capita cost for the same month was 39c and averaged 40c monthly for the entire year. (These costs are gross, without consideration to reimbursement of any kind).

The State Department will, in all probability, recommend that Weston join with three or four of the surrounding towns to form a so-called Welfare District. This would not benefit Weston particularly, but would be a help to the State and the other towns involved in the matter of better and more uniform administration.

The following statistical report covers the year's work from an analytical point of view and shows the recommended appropriations for 1939. Further details may be found in the Auditor's report.

## REPORT OF THE SCHOOL COMMITTEE

---

Weston, January 26, 1939.

The School Committee respectfully submits the following report for the school year ending December 31, 1938.

At the annual Town Meeting held on March 28, 1938, Raymond W. Coburn was re-elected to the Board, and in April the Committee organized with Mrs. Alice C. Bailey as chairman and David A. Perry as secretary.

Following its usual custom, the Committee has met once a month throughout the school year, to carry on its routine business and to discuss the various problems of school administration which have come before it.

During the year there were a number of resignations from the teaching staff, that of Miss Mary Allen, third grade, Miss Helen Higgins, commercial department, and Mrs. Dorothy Frye, eighth grade, all of which the Committee accepted with regret. To fill these vacancies, the following new teachers were elected, Miss Pearle Coulthard, Miss Mildred Meyer, and Mrs. Ruth Belknap.

Because of increased attendance in the manual training department, and an additional course in music, it was voted to engage the services of Mr. Perry and Mr. Taunton an extra half day per week.

At the regular meeting on April 12, 1938 in accordance with the vote of the town meeting, it was voted to increase the Town's share of Miss Robinson's salary by \$66.67, this rate to be retroactive to January 1, 1938. The Weston Chapter of the American Red Cross and the Board of Health have continued to cooperate with the schools in connection with the services rendered by Miss Robinson as School and District nurse. The Committee greatly appreciates their cooperation and feels that much benefit is derived from this arrangement.

The Committee has continued its policy of applying the income from the fund left to the Town by the late Horace S.

Sears, for the benefit of the teachers, against the rental of the "Teachers' Lodge," and extends its thanks to Mr. Harry L. Bailey for continuing to make its use possible for this purpose.

At the regular meeting held on May 23, 1938 the following appointments were made:

Mr. Carl T. Rhoades, Superintendent of Schools and Principal of the High School.

Mr. Allan Cameron, Custodian of Buildings and Grounds.

Mr. Charles L. E. Bolton, Assistant Custodian of Buildings and Grounds.

#### Teachers :

Miss Constance E. Burrage	Mrs. Virginia Morrissey
Miss Helen B. Green	Miss Edna Johnson
Miss Emma F. Ripley	Miss Ella Brotchie
Miss Rachel L. Spear	Miss Mildred L. Marble
Miss Vera Wakefield	Mrs. Vida C. Strahan
Miss Hazel M. Staples	Miss Lucy V. Dodson
Miss Elizabeth P. Cobb	Miss Lena R. Carter
Mrs. Helen G. Hill	Miss Mary E. Allen
Mrs. Georgiana L. Eldred	Miss Marjorie Brennan
Miss Mildred E. Meyer	Miss Eugenia M. Horton
Mrs. Ruth Belknap	Miss Bertha McKinney
Miss Rhoda LeFavour	

In addition to the above, the following special teachers were appointed:

Mr. Wallace W. Sawyer, Sub-master of the High School and teacher of Science.

Mr. Howard P. Whitney, Head of the English Department.

Mr. Philip E. Perry, Manual Training

Mr. William H. Taunton, Music.

Mr. John S. Proctor, Coach and Director of Physical Education for Boys.

Miss Marjorie D. Morse, Jr., Director of Physical Education for girls.

Mrs. Gudrun G. Payne, Teacher of Art.

Also at this meeting the following appointments were made:

Dr. Fresenius Van Nuys, School Physician.

Dr. Faith L. Meserve, Assistant School Physician.

Miss Virginia L. M. Robinson, School Nurse.

In June, Miss Florence Rowley was elected to the staff as a special teacher.

In July Miss Pearle Coulthard was elected to fill the vacancy made by the resignation of Miss Allen.

Outstanding among the problems that have confronted the Committee is that of necessary expansion, there being urgent need in the lower six grades of additional class rooms. It may be interesting to note that in the survey of the Weston Public Schools made by the State Department of Education last March at the invitation of the School Committee, Miss Florence Gay, Supervisor of Elementary Education, stressed the fact that the Town's people should be considering plans for the enlargement of this particular part of the school plant. In fact she suggested that a new building should take the place of the two which now house the elementary grades.

The Committee, however, not feeling justified at this time in asking for a new building, has made a careful study of the growth of the schools during the past ten years and has reached the conclusion that a remodeling of the old High School will provide a sufficient number of classrooms to take care of any increased enrollment for the next ten years. Mr. Harold Willis was therefore authorized to submit plans for such remodeling. For details see end of report.

Miss Gay, in her survey, also stated that the establishment of the kindergarten and a teacher for remedial work were both definite contributions to the improvement of the Weston School System. She further advised a supervisor for the elementary grades, and that the entering age of first grade children be raised to 6, or preferably  $6\frac{1}{2}$ , and that the curriculum be a more flexible one, adjusted to the individual difference in the children.

The report of the Secondary Supervisor, Mr. A. Russell Mack, was in every way one of commendation of our present system. Quoting Mr. Mack—"You have an excellent group of teachers. You are administering an efficient and modern high school." The Committee is here glad to add

that for many years the Weston High School has been listed in the Class A. Group.

At the regular meeting in October, the Committee made a tour of the school grounds, to ascertain the extent of damages done by the hurricane, and also to view the progress of the playground project. A number of shingles had been ripped from the roofs of the school buildings, and considerable damage done to the copper flashings. The flag pole was left standing at a dangerous slant, and it was voted not only to reset it but to have it placed in a better location.

Also at this meeting it was voted to make the entrance to the school grounds easier and safer for the buses by widening the approach.

### School Buildings

Improvements in the school buildings during the past year have consisted of painting the Primary School Building and renovating the boys' toilets in the same building. The work was supervised by Mr. Harold Willis with only a cost charge to the town and no fee for his services; and the committee wishes to express its appreciation to him for his interest in the schools.

As previously stated in this report, and as called to our attention in the report of the Superintendent of Schools, the time has now come when additional rooms are needed for the lower six grades. The committee has accordingly had plans and estimates prepared for providing three additional class rooms; one of these will be provided by dividing the main room in the old high school building into two class rooms, and the other two rooms will be provided by building an addition to this building on the northeast corner, which will square the building up and in no way detract from its general appearance. With these additional rooms, we will have twelve class rooms for the lower six grades, enough to permit each grade to be split into two sections and we have

every reason to believe that it will meet our requirements for the next ten years.

We have received an estimate from the architect for doing this work, including the necessary fixtures and furniture, which amounts to \$18,000, and we recommend that action be taken on same at the March Town Meeting, understanding that the expense can be spread over a period of six to ten years.

### Playgrounds

At the March Town Meeting \$2,325 was appropriated for the "Taking and Improvement of Land for Recreational Purposes." From this amount \$325 was paid to Mr. Harry L. Bailey in order to settle for land taken in 1936; about \$675 was spent for materials necessary in order to lay an underdrain east of the Girls' Hockey Field, where there was formerly an open ditch; about \$500 was spent for materials necessary to build dikes to hold water for a skating pond; and about \$800 remains unexpended.

The labor for laying the underdrain and building the dikes was W. P. A. labor, paid for by the U. S. Government. The Committee regrets that the Skating Pond is still unfinished and that they have been unable to prepare a larger area for skating. However, on account of the excessively wet season, there were times when no work could be done on the pond project. Our original plans for building dikes to hold the water had to be altered and it was late in the fall before the dikes could be started. Cold weather caught them before they were finished and properly compacted, with the result that they are settling below the frost line causing some leakage.

The Committee hopes, during 1939, to complete the dikes, build a concrete dam and spillway and enlarge the area for skating. We also want to develop an area for Children's Play, which will be finished with gravel so that in the spring of the year, the children will not be playing in mud. With this in mind, we are planning to file a request for a

new W. P. A. project and are recommending an appropriation from the town of \$500 in order to meet the W. P. A. requirements that the town furnish the necessary materials, tools and equipment.

### Work in the Schools

Details of the school work will be found in the reports of the Superintendent of Schools and the Special Teachers which follow.

Respectfully submitted,

ALICE C. BAILEY,

DAVID A. PERRY,

RAYMOND W. COBURN,

### SUPERINTENDENT'S REPORT

**TO THE WESTON SCHOOL COMMITTEE:**

This is my tenth annual report as superintendent of the Weston schools. Reports from the different departments and special teachers are appended.

**THE TEN YEAR PERIOD**

At this time it seems appropriate to look back over this period and note the changes in the schools; their organization and development as well as the increased enrollment and expenditures.

During this period the physical plant has been improved and greatly enlarged. The school grounds now include about 20 acres or three times as much as we had ten years ago. The new high school building has been built and the playing field has been developed and improved by building a Football Field, Tennis Courts, Girls' Hockey Field, and rebuilding the Baseball Diamond. The Skating Pond which is in the process of construction will be another fine addition.

This enlargement of the school plant has enabled us to add new departments to the school program. We have established thorough courses in physical education for both boys and girls with two full time instructors. The employment of a school nurse for full time in the town and half time in the school enables us to care for the health of the children much more satisfactorily. The equipment of a room for a dental clinic by the Weston Post of the American Legion has also added materially to our health program.

The management of the lunchroom which was handled by the Women's Community League has been taken over by the school during this time. In the High School we have added a Commercial Department, and the Kindergarten has been added to the elementary schools. We now are using 29 classrooms (not including the gymnasium) as against 15 rooms ten years ago. Ten years ago we paid salaries to 23 teachers and janitors, including those employed on a part time basis. The number is now 37.

During the ten years ending last June the average school membership increased from 440 to 606, or approximately 38%. The total expenditures for support and maintenance (not including outlay) increased from \$61,923.49 in 1929 to \$80,536.58 in 1939, a total of \$18,-613.90, or 30%.

**COMPARISONS FROM STATE REPORTS**

	1929	1938
Per pupil expense in Weston	\$164.03	\$128.84
Average per pupil expense for the state	98.15	100.41
Local tax in Weston for school support per \$1000 valuation	7.35	6.80

Average local tax of state for school support per \$1000 valuation	8.52	9.92
---	------	------

(Above figures are for support and maintenance and do not include outlay for new buildings or grounds.)

The above statistics show the per pupil expense in Weston to be well above the average for the state but it should be noted that the larger proportion of the pupils of the state live in cities and so near to schools that there is no transportation expense. The average per pupil expense for transportation in the state is \$2.30, while it is \$15.08 in Weston. We could legally deny transportation to many pupils now transported, but this would not materially lessen the expense for we would still have to use the same number of buses and cover the same mileage.

#### ADDITIONAL CLASSROOMS NEEDED

The present school membership is only fifteen greater than a year ago but while the upper six grades have actually fewer pupils, the lower six grades have seventeen more than last year. The class room situation has become acute and we are using one room in this emergency which should not be used again unless it has extensive alterations and repairs. Some of the other rooms are crowded to the limit. I recommend that alterations and additions to the present buildings be made this summer to provide us with at least three more classrooms for the use of grade I to VI. If such addition is made I am confident that it will house these grades adequately for ten years or more.

#### COLLEGE ENTRANCE

A large percentage of last year's graduating class has entered colleges and other schools. Twelve are now enrolled in standard degree granting colleges, and sixteen more are continuing their education at Agricultural schools, Business Colleges, Schools of Nursing, and other schools.

#### SCHOLARSHIPS AND PRIZES

The Charles J. Paine scholarship was awarded to Edward Edmunds, Jr., freshman at Massachusetts Institute of Technology.

The Horace S. Sears Scholarship money was awarded in four portions to:

ROBERT AKERS at Bates College.

RICHARD KENNEDY at Northeastern University.

CLARENCE MOSHER at New England Conservatory of Music.

EUGENE POUTAS at Harvard.

The Women's Community League awarded scholarships of \$200 each to Hélène Champlain at Boston University, and Mary Cutting at Radcliffe.

The Bishop Lee School awarded Ruth Homond a three-year scholarship of \$150 per year.

Boston University awarded Elizabeth Jean Campbell a \$100 scholarship.

Harvard College awarded Charles Poutas a \$200 scholarship.

The Massachusetts Branch of the League of Nations Association awarded Elizabeth Jean Campbell a prize of \$25 for the best examination in Massachusetts on the "League of Nations."

The Washington and Franklin medal for excellence in the study of United States History was won by Elizabeth Jean Campbell.

The prize of \$5.00 awarded by the Weston Post of the American Legion for the best examination on the United States Constitution was won by Charles Poutas.

The United States Sesquicentennial Committee of Massachusetts awarded Mary Cutting a medal for excellence of an essay on the United States Constitution.

Prizes from the Horace S. Sears Fund were awarded as follows:

1. For essays on "Problems of Capital and Labor"

First —MARY CUTTING

Second—SUSAN KENNEY

Thirds —HARRIET BATEY

ELIZABETH JEAN CAMPBELL

ELINOR JOHNSON

Special Essay—WARREN HALL

2. Prizes to seniors for Good School Citizenship:

Girl—MARY CUTTING

Boy—CHARLES POUTAS

3. Prizes for excellence in declamations:

First —RUTH HOMOND

Second—STEWART MACDONALD

I am submitting with this report the statistics of the school caucus of last October, the attendance statistics for the school year 1937-1938, the programs of the School Play, Concert and Prize Speaking, and the Graduation Exercises of the Class of 1938.

Once more I wish to thank the school committee, parents, and teachers for the cooperation and support received.

Respectfully submitted,

CARL T. RHOADES.

### REPORT OF THE SUPERVISOR OF MUSIC

TO THE SCHOOL COMMITTEE:

Music is acknowledged as a universal mode of expression understood through its tone and composition, without words. Folk songs and instrumental music of all lands bind nations in a universal art. To encourage music in one form or another in every child is to create a helpful interest, a broadening of mind and thought, and a social binder.

In our schools music is most interesting, combining as it does orchestra and vocal studies, as well as theories and all the branches of music usual in Grammar, Junior and High School. This year we are grateful to have gained the time and tools for the Music Appreciation period. The Kindergarten has its rhythm band, the fourth grade its Harmonica band of twenty, the fifth and sixth grades an orchestra of eleven pieces. The Junior High and High have their orchestras to combine with their vocal choruses and Glee Club.

Our High School Orchestra played at the school play in February at the Town House. An interesting concert was given in April, a concert was played at Community Fair in November, and the usual work combined with the senior class at Graduation.

The Glee Club gave a successful concert in April. We have a most interesting chorus group and all seem to enjoy the singing. The Music Appreciation period gives pupils such a fine chance to hear and study composers and artists before unknown to them. This study is taken at the present time in Grades from Kindergarten to the eighth grades.

Classes in piano are three this year, violin classes one, and the children show great interest and enjoyment in them.

Again I express my appreciation for the cooperation of School Committee, Superintendent and Teaching Staff and the interest of the pupils.

**WILLIAM H. TAUNTON,**

*Music Supervisor.*

### REPORT OF THE ART TEACHER

TO THE SCHOOL COMMITTEE:

In the lower grades most of the children look forward to the drawing lesson with the keenest interest. The teachers and I are trying to keep this interest, and spend as much time as possible following the outlines and always looking for new ideas. I feel that the intermediate grades do not spend as much time as they should to get even the basic information that they need. The sixth grade is too large to instruct and criticize in one lesson of forty minutes a week.

The Junior High School is doing very well and I am always grateful to the teachers for their cooperation and help. Painting is apt to

be rather untidy, and the cleaning up has to be left to their supervision. The best drawings are usually chosen and hung up for a week, which I think is a very good practice.

The High School classes are larger than they have ever been. Here again lack of time is a big factor as most pupils can only have two forty-minute lessons a week. We do a great many posters (for the size of the classes) for the outside activities, and many pupils would be willing to stay one afternoon if there were any way in which they could get home.

I enjoy working in the school immensely, and thank everyone for their interest.

GUDRUN G. PAYNE.

#### **REPORT OF THE INSTRUCTOR OF MANUAL TRAINING**

In presenting this, my thirty-sixth (and last) annual report, I wish to express my great appreciation of the opportunity to carry on my work in the town of Weston.

My labors have been made easier in a great degree by the unstinted supplies and generous quarters we all have enjoyed.

Teaching seems at times, to be a thankless profession but a long experience has shown me that there are rich and satisfying rewards which transcend those of the business or political career.

When a pupil returns after graduation and seeks us out to tell with pride that he has entered college or continuation school with high marks, that he or she has obtained a most desirable position after finishing with these and then acknowledges that the influences and interest we have shown in him while under our care were largely responsible for it all, then do we feel that our endeavors have borne fruit.

It is a fine thing to lift a young person out of mediocrity on to a plane higher up where he may interpret life as it was designed to be lived and where he may be inspired to do greater things.

In any manual work the character of a pupil shows in concrete form. The fine and carefully finished piece not only shows that he has learned what he has been taught but it is a sure indication of a desire to learn and a determination to win.

The careless slip-shod job shows the true make-up of the lazy or indifferent one who weakly dodges the difficult parts and tries to cheat by covering up his poor work.

Thus he sinks continually to a lower level where no one desires his services. He is punished by being just what he is and is one of those "who never had any luck".

May I express here the joy I have had in the fellowship of the

fine corps of men and women who make up our teaching force. I shall always remember them with pleasure and interest.

Finally, to my successor, whomsoever he may be I extend my very best wishes and congratulations on the opportunity he will have to prosecute his chosen work.

PHILIP E. PERRY,

*Instructor of Manual Training.*

**REPORT OF THE DEPARTMENT OF PHYSICAL EDUCATION  
GIRLS**

TO THE SCHOOL COMMITTEE:

The Hockey season included the playing of seven games, of which we won four, tied two, and lost one to Posse. We were invited to attend a Hockey Play Day held at the Brimmer School Field under the auspices of the Boston Field Hockey Association. This proved to be an excellent incentive and produced good results.

Badminton was even more popular than last year.

In spite of their efforts, the girls were not able to get enough people out for Basket Ball, so that they did not have a team. If we had a 4.30 P. M. bus service during the winter term, I feel that there would be a tremendous increase in the attendance of the afternoon athletics. It is not surprising that the girls do not want to stay late, and then have to walk home two to five miles through snow and slush on cold and dark nights after a strenuous afternoon of basket ball or badminton.

We look forward to using the new skating rink.

Respectfully submitted,

**BOYS' PHYSICAL EDUCATION AND ATHLETICS**

TO THE SCHOOL COMMITTEE:

Our athletic teams enjoyed another very successful season. The basketball team won the major number of games and received the consolation trophy in the Framingham Tournament. The baseball team won fourteen consecutive games, winning the trophy in the Sudbury Valley League, and were invited to play in the Eastern Massachusetts Elimination Play-offs. We were beaten by Arlington. We lost our first game of football in three years but the boys improved rapidly as the season progressed.

We expect to have a much more difficult schedule for the next

two years as we are playing at least two new schools, namely, Concord and Tewksbury.

Through the aid of some of the parents, the boys on the football squad received milk and crackers after the game, and it proved to be as popular as it was beneficial.

The senior class won the interclass games competition, but by a smaller margin than in previous years.

We have not as yet had the pleasure of using our new ice pond but are looking forward to the opportunity. It is my intention to take advantage of the sunny days and conduct classes on the ice in our regular physical education periods.

Due to the slippery surface of our gymnasium floor, I should like to suggest that we purchase wall mats for both the boys' and the girls' gymnasiums.

Respectfully submitted,

JOHN S. PROCTOR.

#### LUNCHROOM REPORT

TO THE SCHOOL COMMITTEE:

The services of the lunchroom are:

1. To serve a hot noon lunch at the lowest possible cost to all pupils who desire it.
2. To supplement lunches brought from home with soup, milk and dessert.
3. Supply milk and crackers at cost for the kindergarten mid-morning lunch.
4. Supply milk every day and ice cream twice a week for pupils in the lower grades who eat their lunches in their classrooms.

#### REPORT OF THE SCHOOL NURSE

TO THE CHAIRMAN OF THE SCHOOL COMMITTEE:

The annual physical examinations, dental examinations and vision tests have been completed, as well as the semi-annual weighing and measuring.

The hearing tests were conducted by the Boston Guild for Hard of Hearing again this year with the use of the 4b audiometer.

Out of the 600 dental examinations which were completed, 478 students showed the need of dental care. The remaining 122 needed no immediate attention. During the past year 196 children were cared for in the school dental clinic.

Clinics for immunization against diphtheria were conducted by the Board of Health in May. The total enrollment at these clinics was 127.

Following the new routine started by Middlesex County Sanatorium last year, tuberculin tests were not done in the schools this year. However, the six students under their observation were given x-rays and physical examinations. As a result of these, two of the students were discharged as needing no further observation.

During the past year 405 school home visits have been made and 838 first aid treatments were given at the school.

In November a demonstration of a well child conference was given by the Massachusetts State Department of Public Health, co-operating with the local Board of Health and the Weston Chapter of the American Red Cross. The conference was open to well children from six months of age to school age. The total enrollment at the conference was 110. As a result of this demonstration, Miss Gertrude Martin, Consultant in Public Health Nursing for the Massachusetts Department of Public Health, has recommended that permanent conference be organized in Weston.

A class in Red Cross Home Hygiene and Care of the Sick was carried on in the school again this year.

Respectfully submitted,

VIRGINIA L. M. ROBINSON.

#### REPORT OF THE SCHOOL PHYSICIAN

TO THE CHAIRMAN OF THE SCHOOL COMMITTEE:

Every Monday morning an inspection was made of the throats of all pupils, as in previous years.

The routine physical examinations were completed before Christmas. On the whole the health of the school has been excellent. I believe that the posture of the pupils has improved remarkably since the school has employed physical directors.

## REPORT OF THE SWIMMING POOL COMMITTEE

---

TO THE BOARD OF SELECTMEN:

*Gentlemen:*

The Swimming Pool Committee submits the following report for the year 1938.

Opening June 28th, the town pool was in use for a season of ten weeks, closing September 3rd.

Our old, shabby building and small pool still perform their usual service, and this last season was in no way different from preceding years.

Attendance fluctuates, depending upon the weather. On warm days the pool is always crowded. It is only on chilly, uninviting days that the less skilful swimmers (who are in the majority, and must stay near the shallow end) can move about with room for comfort. For some years beginners have been given the first half hour of each session alone; otherwise they could make no progress at all.

As usual the pool was in charge of a young man authorized by the Red Cross to give their certificates and emblems of progress. It is always gratifying when the necessary qualifications for this position can be met by one of our own citizens. This year our instructor was Mr. Earle MacLeod of Weston.

The water received its usual care, and is always kept up to a high standard of cleanliness and purity.

We recommend an appropriation of \$1,000 for the coming year.

Respectfully submitted,

EUNICE C. BASSETT,

WESTON BLAKE,

CARL T. RHOADES.

**TO THE SWIMMING POOL COMMITTEE,  
TOWN OF WESTON, MASS.**

The Community Pool was open for a period of ten weeks—June 28th to September 3rd. 3500 patrons used the pool—1500 girls and 2000 boys. The minimum weekly attendance was 212, and the maximum was 462, for the 4th and 6th weeks respectively. The average water temperature for the summer was 66.6 degrees, and the average air temperature was 75.6 degrees.

Sixty-five boys and girls successfully completed Red Cross tests. Many other children, while not advancing far enough to undertake standard tests, did become accustomed to the water and even learned to swim a few strokes.

Tolls were paid by seven non-residents for swimming privileges.

The following boys and girls passed Red Cross tests:—

The Town Cemeteries suffered excessively from the September hurricane; particularly the Linwood Cemetery and the old Farmers' Burying Ground on the Boston Post Road. A total of nine hundred trees were destroyed.

The problem of the removal of large trunks and roots without damage to monuments presented a most difficult problem, the successful solution of which is due largely to the efficient and conscientious oversight of our superintendent, Mr. Winfred A. Martin.

Much clearing-up work remains to be done:—removal of stumps, regrading, pruning and replanting. A W. P. A. project was applied for immediately after the hurricane.

It was approved too late to be of much assistance last fall, but will aid some this spring.

Fortunately \$1000 is available from the Horace Sears Fund for replanting. Mr. Sidney Shurtliff, landscape architect, has been appointed to supervise this work.

Competitive bids received indicate that the value of the salvaged logs totals from \$800 to \$900.

The commissioners request an appropriation of \$7700 for 1939. Of this amount \$1000 is for hurricane clean-up work.

Mr. Charles Mead was elected a Cemetery Commissioner.

## REPORT OF THE SUPERVISOR OF HEALTH

---

TO THE WESTON BOARD OF HEALTH:

*Gentlemen:*

I hereby submit my report as Supervisor of Health, acting under the direction of the Board of Health, for 1938.

### General

During the year, new regulations were adopted covering the matter of granting of permits for the installation of household drainage, and for the minimum regulations of quarantine for diseases dangerous to the public health, as recommended by the State Department of Public Health.

After considerable study and discussion, an authorized public dump was established by the Board of Selectmen with the Highway Department providing an attendant. This is a distinct contribution to the general community sanitation, and makes it possible for the Board of Health to prohibit unlawful dumping of rubbish.

### Diseases Dangerous to the Public Health

Only forty-seven cases of diseases dangerous to the public health were reported during the year 1938, this being the lowest incidence for any year since 1921. There was no disease that could be described as epidemic. There were no cases of diphtheria, infantile paralysis, septic sore throat, or typhoid. This record is probably to be attributed to good fortune, rather than any particular preventive measures that have been used, since with such diseases as chicken pox and measles, there is little of a specific nature that can be done. With two successive years of especially low incidence of such diseases, the danger of an explosive outbreak is increased, since an increasingly high proportion of children are susceptible. The most effective preventive work can be accomplished when the first case, or cases, are

apprehended and reported. We would thus urge special vigilance, and cooperation, on the part of parents to obtain medical advice if suspicious symptoms of a communicable disease appear in their children.

### Diphtheria

Nineteen hundred and thirty-eight is the fifth consecutive year during which no cases of diphtheria have been reported. This excellent record must be attributed entirely to the fact that the great majority of children in Weston are immunized at an early age, either privately, or in the pre-school and school clinics. Forty-two children, as contrasted with twenty-eight the previous year, were immunized in the school clinics. Twenty three of these were under the age of four. Our goal should be to have all children immunized against diphtheria before they enter school. Seventy-four children were given the Schick test, and seven of these were found to be susceptible to diphtheria.

### Tuberculosis

There were two cases of tuberculosis reported during the year, and one death.

In cooperation with the school and the Middlesex County Sanatorium, the tuberculosis clinics for school children were held. The results of the physical examination and X-ray, discovered six children who need special treatment, or who need to be kept under observation.

### Laboratory

The table below gives a summary of the laboratory work for the year. The laboratory provides an aid to physicians in the diagnosis, or interpretation, of certain cases of illness, and serves as a measure of the sanitary and aesthetic quality of milk and water. There is no other means by which the safety of private and public supplies can be measured.

	Pos.	Neg.	Susp.	Total
Diphtheria cultures . . . . .	—	1	—	1
Widal (typhoid) . . . . .	—	2	—	2
Tuberculosis (sputum) . . . . .	1	14	—	15
Gonorrhea . . . . .	1	9	—	10
Streptococci . . . . .	4	5	—	9
 Total				37

**MILK**

Regular samples . . . . .	125
Special samples . . . . .	17
 Total	142

**WATER**

Town water . . . . .	5
Swimming Pool . . . . .	2
Special samples . . . . .	14
 Total	21

**Milk**

The improvement in the quality of public milk supplies is one of the outstanding achievements of public health science. The chief credit for this improvement, however, should be given to the milk producers and dealers, who, under the supervision, and with the cooperation of Boards of Health, have raised their standards of production and of processing this most important food.

Only two samples of milk collected exceeded the state or local standards for bacteria count. Only one sample had an unsatisfactory sediment, and no milk tested below standard in its butter fat and solids content. A new test, to detect inefficient pasteurization, has been adopted during the year, and all Weston milk has been found to be properly pasteurized according to this very sensitive test.

The bacterial analysis of milk discovers not only unsanitary methods of production, but if milk is not kept properly chilled, is old, or if containers are not thoroughly disin-

fected, the test will discover this. An examination of Table No. III will be gratifying to the citizens of Weston.

### Dental Clinic

The dental clinic, operated for the benefit of school children, is by law, provided for, and operated under, the direction of the Board of Health. This is an accepted, and generally appreciated service. The value of the clinic is not only in providing for the filling, and extraction of teeth, but quite as important is its educational value. The following gives a summary of the work done in 1938.

Total number of patients . . . . .	484
Total number of fillings . . . . .	320
Total number of extractions . . . . .	32
Total number prophylaxis . . . . .	132
Total number certificates issued . . . . .	96

### Complaints

The customary number and variety of complaints have been received, investigated, and acted upon during the year. We have already noted with satisfaction that a public dump, properly supervised, has been established. Certain unsatisfactory housing conditions have been investigated during the year, and one dwelling has been ordered closed until alterations satisfactory to the Board of Health have been made.

### Pre-School Child Health Clinic

During the Fall, a clinic was arranged jointly by the Red Cross, the School Department, and the Board of Health, for a health examination of children six months through four years, of age by a corp of physicians from the State Department of Public Health. This clinic was for the purpose of demonstrating the need, and value of health examinations in this age group. One hundred and ten children attended the clinic out of an estimated total of one hundred and eighty in this age group in Weston. The dis-

covery of certain major and minor defects in these children are such as to recommend that it would be a valuable practice to establish the pre-school child clinic as a routine annual public health service. The pre-school child has been neglected in most health programs. Infants and school children are amply provided for, but there occurs an hiatus in the service to children from one to five years of age.

### Births

Fifty births, six of which occurred in 1937, were reported in 1938. There were no stillbirths. This was a decrease of two compared with the previous year, and gives the extremely low rate of 10.9. The rate for Massachusetts for 1937 was 14.1.

### Deaths

There were thirty-four deaths reported in 1938, two of which occurred in 1937, as compared with only nineteen reported the previous year. Twenty-seven of these occurred in residents of Weston; five were non-residents who died in Weston. Correcting for residence, the death rate is 6.7. An inspection of Table No. IV shows that only two deaths occurred under the age of forty, and there was only one death caused by infectious or parasitic agents.

Public health activities are aimed chiefly at the prevention of infectious diseases, and death therefrom, and the postponement of the age of death. The record in Weston in these respects is gratifying.

Respectfully submitted,

C. M. HILLIARD,

*Supervisor.*

## REPORT OF THE WESTON HISTORICAL COMMITTEE

---

TO THE BOARD OF SELECTMEN:

*Gentlemen:*

The Weston Historical Committee respectfully submits the following report for the year 1938.

Our collection of historical relics of various kinds is increasing. We have had a good many additions in the shape of furniture, books, photographs and old papers. These will be kept in the old Isaac Fiske Law Office, at the corner of Linwood Avenue, now the headquarters of this Committee. As we have said before, we hope that our collections will grow every year and we welcome any contributions of pictures, old documents, or any other articles connected with the history of the town.

A priceless and very interesting manuscript diary has just come into the possession of the town. This diary was kept by Judith Greenleaf, wife of Enoch Greenleaf of Sudbury Road, Weston, during the years 1783-1789. Enoch Greenleaf, who is believed to have been an uncle of John Greenleaf Whittier, lived in the house formerly owned by the Tory, Dr. Wheaton, who was forced to leave the country during the Revolution. Enoch Greenleaf's name first appears in the Tax List of 1777, and he lived in Weston until his death in 1805 at the age of 73. His wife, who wrote the diary, died in 1802, aged 67. Mrs. Greenleaf was very religious and her diary, written each Sunday, showed her great devotion to the Church, and gave a distinct picture of the life of the times. The manuscript is in two volumes, in a clear legible hand—the ink has faded very little, though the paper has yellowed with age.

We also have a deed dated December 26, 1770 conveying 24 acres of land in Weston to Nathaniel Harrington of

Watertown by Jonathan Jones of Weston for 88 pounds, 17 shillings and 9 pence. We would like to ascertain the location of this lot.

GERTRUDE FISKE,

ALICE E. JONES,

EDWARD P. RIPLEY,

*Historical Committee.*

## REPORT OF THE INSPECTOR OF PLUMBING

---

BOARD OF HEALTH  
WESTON, MASS.

*Gentlemen:*

I herewith respectfully submit to you for your approval, my report as Plumbing Inspector for the year of 1938.

There were 46 permits issued for Plumbing work. These included new and old buildings and alteration work. Of these 18 were for new buildings and 28 were for alterations and old buildings.

The sum of \$73.00 was received for permits and the money paid to the Town Treasurer.

Respectfully submitted,

ABEL J. COLPITTS,

*Plumbing Inspector.*

## REPORT OF THE BOARD OF WATER COMMISSIONERS

---

TO THE BOARD OF SELECTMEN:

*Gentlemen:*

Owing to the heavy rain fall during last summer our present facilities have continued to meet requirements, but because of growing demands for extensions of the distribution system the necessity of obtaining an additional and adequate water supply is of increasing importance. This will prove to be vital should periods of drought occur such as have been experienced in former years. The excessive cost of obtaining such a supply from the Metropolitan System should be avoided if possible. We have continued explorations for an additional supply, within the limits of the town, with negative results. We have, however, obtained thereby information eliminating certain areas which have proven not to be of potential value. We plan to continue this search to as great an extent as is permissible within the funds available for the purpose.

At the last annual town meeting the town voted to accept the offer of the Weston Real Estate Trust of a large part of their distributing system with the necessary easements and hydrants installed on it.

Two extensions have been added to the system during the year, one in Saddle Hill Road and one in Legion Road.

We wish to express our thanks to the Boston Edison Company for their speed and efficiency in restoring service to our pumping plants following the September storm.

Respectfully submitted,

EDWARD P. RIPLEY,

ARCHIBALD G. MONKS,

ABEL J. COLPITTS,

*Board of Water Commissioners.*

## REPORT OF THE TRUSTEES OF THE PUBLIC LIBRARY

---

At the annual town election in 1938, Mr. Charles M. Eaton declined re-election, and Miss Gertrude Fiske was elected in his place. The Board organized for the year by choosing Mr. Palmer chairman and Miss Fiske secretary.

During the year repairs were made on the roof to remedy leaks which had developed. We have been advised by the roofer that the gutters, downspouts and slate should be repaired in the near future in order to put the roof in good condition, and we plan to do this work during the coming spring. The storm in September ruined nearly all the trees to the rear of the Library. Fortunately little damage was done to the trees in front of the building, and none to the building itself.

The method of conducting the Library has been substantially the same as in previous years. There has been in the past few years a considerable growth in both the number of volumes in the Library and the use made of it by the townspeople, as evidenced by the circulation; particularly in the children's department. One phase of the work of that department which has been developed is cooperation with the public and private schools. A few statistics may be of interest to the townspeople. In 1928 the total number of volumes in the Library was about 28,400; in 1938 it was about 36,000. In 1928 the circulation of books was about 25,200; in 1938 it was about 39,600. The gain in circulation in 1938 over 1937 was more than 2,200. The children's department was started in 1922 with about 3,200 books; today there are some 7,000. The circulation in that department the first year was about 5,000; in 1938 it was over 11,000, the gain over 1937 being nearly 1,600. We feel

that the town has an exceptionally fine Library, and hope that its use by the townspeople will continue to increase and that those who have not been well acquainted with it will become more so. We think that the marked increase in the work of the children's department warrants our increasing the salary of the assistant who has had charge of that department since its inception and who has given excellent service; and that the proper conduct of the Library in general is likely to necessitate more employment of our part-time assistant.

We desire to express, for ourselves and the town, regret for the retirement of Mr. Eaton from the Board, and appreciation for his service as trustee. Well known throughout the town as Superintendent of Schools for many years, he was first elected trustee in 1927, and was chairman from 1928 until the time of his retirement.

With great regret we report the resignation of Miss Pennock as Librarian in February, 1939, which we reluctantly accepted after being given to understand that she would not reconsider her decision. But in order that the benefit of her advice and assistance might be available to her successor in beginning her work here, we arranged with Miss Pennock to remain on the staff of the Library for the remainder of this year as Associate Librarian. As her successor in the position of Librarian we appointed Miss Elaine G. Howe, formerly Assistant Librarian of the Walpole Public Library.

Miss Pennock was appointed assistant in 1902 and Librarian in 1903. Thus she has served the town for thirty-six years, during which her devotion and ability have been the principal factor in developing the Library to its present state—a notable career which speaks for itself better than we can. We tender her the sincere thanks of this Board and of the town.

In view of increased salary requirements and the necessity of repairs to the roof this year, we request an appro-

priation of \$5900, plus the usual allocation to the Library of the dog license refund, which has been approved by the selectmen and finance committee.

Respectfully submitted,

G. M. PALMER, JR.,

MILES HANSON, JR.,

GERTRUDE FISKE,

*Library Trustees.*

## TOWN WARRANT

COMMONWEALTH OF MASSACHUSETTS  
 MIDDLESEX, SS.

*To any Constable of the Town of Weston,*

**GREETING:**

In the name of the Commonwealth you are hereby required to notify and warn all of the inhabitants of the said town, qualified by law to vote in elections and town affairs, to meet in the Town Hall, in said Town, on Monday, the 28th day of March, 1938, at 12 o'clock noon to act on Article 1 of this warrant; and to meet in said Town Hall on the same date at 8 o'clock P. M. then and there to act upon the remaining articles of this warrant.

The polls for the election of the town officers will be opened at 12 o'clock noon and may be closed at 7.45 P. M.

ARTICLE 1. To bring in their votes for the following town officers, each to be designated and all to be voted for on one ballot, namely:—

A moderator for a term of one year,  
 A town clerk for a term of three years,  
 One selectman for a term of three years,

One member of the board of public welfare for a term of three years,  
One assessor for a term of three years,  
One member of the school committee for a term of three years,  
A treasurer and collector for one year,  
An auditor for a term of one year,  
One library trustee for a term of three years,  
A library treasurer for a term of one year,  
One trustee of the Merriam Fund for the Silent Poor for a term of three years,  
One park commissioner for a term of three years,  
One cemetery commissioner for a term of three years,  
One cemetery commissioner for a term of one year (to fill vacancy),  
One member of the board of health for a term of three years,  
Three measurers of lumber for one year,  
One member of the board of commissioners of trust funds for a term of three years,  
One member of the board of water commissioners for a term of three years,  
Five members of the planning board,  
A tree warden.

ARTICLE 2. To hear and act upon reports of town officers and committees.

ARTICLE 3. To determine whether the town will vote to transfer from the overlay reserve fund to the reserve fund of the town the sum of \$3,000. or such other sum as the town may deem proper in the premises.

ARTICLE 4. To determine whether the town will vote to authorize the selectmen to settle in full claims against the town by reason of land taken under Article 4 of the warrant for the annual Town Meeting held March 30, 1936.

ARTICLE 5. To determine whether the town will vote to

amend Article VI of the By-laws of the town by the addition of the following new paragraph to Section 5.

"The Board, upon petition and after notice and hearing as above set out, by unanimous decision, may authorize a variance from the terms of this Article VI of the By-laws, where, owing to conditions especially affecting the premises involved, a literal enforcement of the provisions of this Article VI would involve substantial hardship to the petitioner and where desirable relief may be granted without substantial detriment to the public good and without substantially derogating from the intent or purpose of this Article VI."

ARTICLE 6. To determine whether the town will authorize the acceptance in its behalf of conveyances without charge from the Weston Real Estate Trust and others of the title to existing water mains, pipes, hydrants and fittings, and of easements and other rights for the laying, maintenance and replacement of water mains, pipes, hydrants and fittings, and rights incidental thereto, in and over ways and lands owned by the Weston Real Estate Trust and other ways and lands in that vicinity; and to act anything relative thereto.

ARTICLE 7. To define in certain particulars the authority of the Water Commissioners and the Town Collector respecting various matters connected with extensions of the town's water system, including contracts for the payment to the town of the whole or portions of the cost of making such extensions; security for the performance of such contracts; the acceptance of conveyances to the town of rights in land and other property; and contracts for the laying of mains.

ARTICLE 8. To raise and appropriate by borrowing or otherwise, such sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles, or as may be required to defray the expenses of the town

for the ensuing year; and especially to act upon all the appropriations asked for or proposed by the selectmen or by the town officers or committees in their reports; and to authorize the town treasurer, with the approval of the selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1938, and to issue a note or notes therefor payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44 of the General Laws.

And you are to serve this warrant by posting three attested copies thereof, according to the vote of the town, namely, at the Town House, at the Kendal Green Post Office, and on the town bulletin board at the junction of South Avenue and Park Road and Newton Street seven days at least before the time appointed for said meeting.

Hereof fail not; and make due return of this warrant with your doings thereon to the selectmen at the time and place of said meeting.

Given under our hands this fourth day of March in the year of our Lord one thousand nine hundred and thirty-eight.

HERBERT E. TYLER,

B. LORING YOUNG,

BRENTON H. DICKSON, JR.,

*Selectmen of the Town of Weston.*

Pursuant to the within warrant I have notified and warned the inhabitants of the town of Weston according to order.

J. SUMNER VILES,

*Constable.*

## ANNUAL TOWN MEETING, MARCH 28, 1938

In pursuance of the foregoing warrant, the inhabitants of the town qualified to vote in elections met in the Town Hall on Monday, March 28, 1938, at 12 o'clock noon and were called to order by Dudley P. Ranney, Moderator, Brenton H. Dickson, Jr., Town Clerk, read the warrant calling said meeting and the return of the officer who served the same upon the inhabitants.

The Lower Town Hall had been fitted up as a polling place in conformity with the laws of the Commonwealth. The cards of instructions, penalties to voters, and specimen ballots were posted in accordance with the laws of the Commonwealth. The following Election Officers, who had previously been appointed by the Selectmen, were sworn by the Town Clerk to the faithful performance of their duties.

*Ballot Clerks*

Alice E. Jones

John A. Cain, Jr.

*Election Officers*

Mary R. Berry

John Harte

*Tellers*

Marie L. Tilton  
Mae E. Vittum  
Anna H. Smith  
Arthur C. Jones

Richard P. Burgess  
William J. Loughlin  
John C. Waters, Jr.  
George H. Welcome

Muriel R. Vittum

The ballot box was publicly opened and shown to be empty. The register on the box was set at zero (0) and the box immediately thereafter locked and the keys thereto delivered to the Town Clerk.

A package containing 2359 ballots was delivered to the Ballot Clerks by the Town Clerk who took their receipt therefor. The polls were then declared open.

Upon two occasions while the polls were open the ballot box was opened and ballots taken therefrom for counting, it

being deemed advisable so to do in the unanimous judgment of the presiding Election Officer and the Town Clerk. The times of thus opening the ballot box and the number of ballots taken therefrom were as follows:

7.10 P. M.	. . . . .	50 ballots
7.40 P. M.	. . . . .	50 ballots

The polls were closed at 7.45 P. M.

The number of names checked on the voting lists used by the Ballot Clerks and the Election Officer in charge of the reception of ballots was 166. The automatic register on the ballot box read 166 and 166 ballots were taken therefrom. The ballots were counted and recorded and declaration thereof made in open meeting by the Moderator.

While the polls were open the ballot box was in charge of John Harte and the voting list used in connection therewith was in charge of Mary R. Berry.

The votes were canvassed and counted by the tellers, and after record thereof had been made, the Moderator caused all ballots cast at the election, the tally sheets used in counting the votes and the voting lists used in the distribution and deposit of ballots publicly to be enclosed in envelopes, which were sealed and endorsed and certified in the manner required by law. The above-mentioned envelopes, together with the ballot box and the seal were forthwith delivered to the Town Clerk.

A true record.

Attest:

BRENTON H. DICKSON, JR.,  
*Town Clerk.*

The meeting was called to order at 8 P. M.

**ARTICLE 2.** *Voted:* That the reports of the town officers and committees as distributed throughout the town be accepted and placed on file subject to any corrections which may be made by this meeting or by the Town Clerk.

*Voted:* That Article 8 be now taken up in connection with Article 2 and that the reports of the town officers and committees be considered separately in the order in which they are printed to the end that the town may take such action thereon as may be deemed best.

*Voted:* That the authority granted under Article 7 of the annual town meeting of March 30, 1936, to issue bonds in the sum of \$18,000. for providing additional school rooms be and is hereby amended by reducing the amount of this authorization to \$12,000.

*Further Voted:* That inasmuch as \$6000. of the original

\$18,000 bond issue has never been issued, the authority to issue this portion be and hereby is revoked.

Mr. B. Loring Young *Moved*: That the amounts recommended by the Selectmen for appropriation by the town in accordance with Section 5 of the By-laws of the town, as set forth on pages 25-33 of the Town Report and amounting in the aggregate to \$273,565.00 be and they hereby are appropriated for the specific purpose and in the specific amounts set forth in said recommendations.

Mr. Edward P. Ripley *Moved*: That the appropriation for Moth Extermination contained in the report of the Selectmen on budget for 1938, be amended by striking out the figure of \$12,000. and inserting in place thereof the figure of \$8,000.

Mr. Herbert E. Tyler *Moved*: That the appropriation for Tree Warden contained in the report of the Selectmen on budget for 1938, be amended by striking out the figure of \$500. and inserting in place thereof the figure of \$1000.

Mr. Raymond W. Coburn *Moved*: That the appropriation for Taking and Improvement of Land for Recreational Purposes contained in the report of the Selectmen on budget for 1938, be amended by striking out the figure of \$2825 and inserting in place thereof the figure of \$2325.

These three amendments were accepted by Mr. Young and then became a part of his original motion.

Mr. William R. Dewey then moved that the appropriation for Moth Extermination contained in the report of the Selectmen on budget for 1938, be amended by striking out the figure of \$8,000 and inserting in place thereof the figure of \$6,500 and that \$3,000 of this sum be used for spraying under contract. After debate this amendment was negative.

Mr. Young's motion, as amended, was unanimously adopted, the budget being voted as follows:

\*Including \$3,000 from overlay reserve, which amount therefore is not included in aggregate appropriations.

*Voted:* That all money refunded for the current year to the town by the Treasurer of Middlesex County under the provisions of law relating to dog licenses may be expended for the support of the town Library in such manner as the trustees of said Library shall determine.

*Voted:* That five persons be appointed by the Moderator to serve as a Memorial Day Committee with the authority to expend upon the observance of said day a sum of money already appropriated for that purpose. The Moderator appointed Carl T. Rhoades, Francis Pooler, Mrs. Harold R. Stevens, Mrs. Raymond B. Bidwell and Wilmot Whitney.

*Voted:* That of the money already appropriated a sum not exceeding forty thousand dollars be taken from any money in the treasury not otherwise appropriated, provided, however, that this vote apply only to money in the treasury as of the date when the tax rate for 1938 is fixed.

*Voted:* That the money appropriated at this annual Town Meeting, not otherwise provided for, be assessed, after deducting the estimate of receipts for the ensuing year, upon the polls and estates taxable in this town and be collected as provided by law.

*Voted:* That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow from time to time in anticipation of the revenue of the financial year beginning January 1, 1938, to an amount not exceeding in the aggregate of \$125,000 and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year.

*Voted:* That the inhabitants of the Town of Weston wish to express their deep gratitude to Miss Josephine Pickering Merriam for her generous gift of money for the construction of a memorial gateway to the old town cemetery.

*Further Voted:* That a copy of this vote be transmitted to Miss Merriam by the Town Clerk.

**ARTICLE 3.** *Voted:* That there be transferred from the Overlay Reserve Fund to the Reserve Fund the sum of \$3,000.

**ARTICLE 4.** *Voted:* To authorize the Selectmen to settle in full the claim of Harry L. Bailey against the town by reason of taking of land by eminent domain in 1936, pursuant to action taken under Article 6 of the warrant for the annual Town Meeting held March 30, 1936, and the sum of \$325 is hereby made available for this purpose from the appropriation already made at this meeting under heading

of "Taking and Improvement of Land for Recreational Purposes."

**ARTICLE 5.** *Voted:* That Article VI of the By-laws of the Town be and the same hereby is amended by the addition of the following new paragraph to Section 5:

"The Board, upon petition and after notice and hearing as above set out, by unanimous decision, may authorize a variance from the terms of this Article VI of the By-laws, where owing to conditions especially affecting the premises involved, a literal enforcement of the provisions of this Article VI would involve substantial hardship to the petitioner and where desirable relief may be granted without substantial detriment to the public good and without substantially derogating from the intent or purpose of this Article VI." Passed by unanimous vote. Approved by Paul A. Dever, Attorney General, April 11, 1938.

**ARTICLE 6.** *Voted:* The Water Commissioners are hereby authorized in their discretion to accept in behalf of the town conveyances made to it by the Weston Real Estate Trust and others, without charge, of the title to any existing water mains, pipes, hydrants and fittings in ways and lands owned by the Weston Real Estate Trust and other ways and lands in that vicinity, and of easements of other rights for the laying, maintenance and replacement of water mains, pipes, hydrants and fittings, and for passage, transportation of materials, and operation of vehicles for those purposes and other purposes incidental to the operation of the water department, in and over said ways and land.

**ARTICLE 7.** *Voted:* In connection with extension of the town's water system, the Water Commissioners are hereby authorized, in behalf of the town, to make contracts providing for the payment to it of the whole or portions of the cost of the extensions; to make modifications and abrogations of any such contracts, both those now in force and

those hereafter made; to accept such security for the performance of such contracts as they shall deem expedient, or to waive security; to release any such security previous to full performance of the contract or contracts with respect to which it is held by the town; to accept conveyances and other transfers made to the town without charge, of such pipes, mains and attachments thereto, lands and easements and other interests and rights therein, and other property and rights, as they shall deem convenient to the making of such extensions; to make, modify, and abrogate such contracts with the donors of such property as the Water Commissioners shall deem reasonable for the protection of the donors; and to make, modify and abrogate contracts convenient to the laying of pipes and mains.

*Further Voted:* With respect to such contracts providing for the payment to the town of the whole or portions of the cost of extensions, both those now in force and those hereafter made, the Town Collector is hereby authorized to exercise any option given the town by such contracts to accelerate payments thereunder; to exercise the rights and duties of the town concerning foreclosure or other enforcement or application of security held for the performance of such contracts, except that he shall not institute court proceedings for that purpose; to exercise any rights of the town to bid in or otherwise acquire such security at any foreclosure or other similar sale, except that he shall not do anything in this connection which would require the expenditure of the town's funds; and upon full performance of any such contract, to acknowledge that fact in behalf of the town and release any security held for the performance thereof.

*Further Voted:* The Water Commissioners and the Town Collector are hereby authorized to execute and deliver in the name and behalf of the town any instruments convenient to the exercise of the authority conferred upon them by these votes.

*Further Voted:* All authority to act in behalf of the

town respecting matters connected with extensions of its water system, not conferred upon some other officer or committee by these or other votes of the town or by law, is hereby conferred upon the Water Commissioners.

*Further Voted:* All acts of the character authorized by these votes, heretofore done by the Water Commissioners and the Town Collector, are hereby approved and ratified.

Article 8 had previously been taken up in connection with Article 2.

HERBERT E. TYLER,  
BRENTON H. DICKSON, JR.,  
*Selectmen of Weston.*

Pursuant to the within warrant I have notified and warned the inhabitants of the town of Weston according to order.

J. SUMNER VILES,  
*Constable.*

### Primaries September 20, 1938

Pursuant to the foregoing warrant, the inhabitants of the Town of Weston, duly qualified to vote in elections, met in the lower town hall in said town on Tuesday, the twentieth day of September, in the year of our Lord one thousand nine hundred and thirty-eight and were called to

order at two o'clock P. M. by Herbert E. Tyler, presiding election officer, who read the warrant calling said meeting and the return thereon of the officer who served the same upon the inhabitants.

In pursuance of and in conformity with the laws of this Commonwealth in relation to elections, the lower town hall had been fitted up as a polling place, a space railed off, and twenty-one shelves or compartments provided for the use and convenience of the voters to examine and mark their ballots. Before the opening of the polls, the package of cards of instructions, specimen ballots, etc., furnished by the Commonwealth had been opened and the same posted in accordance with the provisions of the General Laws relating thereto.

Alice E. Jones and John A. Cain, Jr., whom the selectmen had previously appointed ballot clerks were sworn by the Town Clerk to the faithful performance of their duties. John Harte and Mary R. Berry, election officers, were sworn by the Town Clerk to the faithful performance of their duties.

The ballot box was opened publicly by the election officer who ascertained by personal examination and publicly showed that the same was empty. The register of the box was set at zero (0) and the box immediately thereafter locked and the key of the box was delivered to the presiding election officer.

Three packages supplied by the Secretary of the Commonwealth, marked "Town of Weston," 1883 Republican ballots, 324 Democratic ballots and 60 Union ballots were delivered to the ballot clerks by the Town Clerk who took their receipt therefor. The ballot clerks, who were provided with a list of the registered voters of the town, stationed themselves at the entrance to the polling place. The polls were then declared open for the reception of votes.

Upon five occasions while the polls were open the ballot box was opened and ballots taken therefrom for counting, it being deemed advisable so to do in the unanimous judgment of the presiding election officer and the Town Clerk.

The times of thus opening the ballot box and the number of ballots taken therefrom were as follows:

6.15 P. M.	.	.	.	.	.	.	.	200 ballots
6.50 P. M.	.	.	.	.	.	.	.	50 ballots
7.00 P. M.	.	.	.	.	.	.	.	150 ballots
7.40 P. M.	.	.	.	.	.	.	.	50 ballots
7.45 P. M.	.	.	.	.	.	.	.	150 ballots

At 8 o'clock P. M. the polls were declared closed.

The number of names checked on the voting list used by the ballot clerks and the election officers in charge of the reception of ballots was 1044. The register on the ballot box read 1044 and 1044 ballots were taken therefrom, there being 895 Republican ballots, 149 Democratic ballots and no Union ballots.

The ballots were sorted, counted and recorded and declaration thereof made in open meeting by the Presiding Election Officer, and were for the following state and county officers, viz:—

While the polls were open, the ballot box and the voting list used in connection therewith were in charge of Mary R. Berry and John Harte.

In canvassing and counting of votes the regular election officers were assisted by Gilbert H. Gould, May F. Stevens, John C. Waters, Jr., Bernice M. Reed, William J. Henderson, Alice C. Cassidy, Marie L. Tilton, Warren E. Vittum, Anna H. Smith, John Lawless, Jr., Yvonne M. Jacques, Harold R. Stevens, Thomas A. Tilton, John A. Cain, Jr. and John Harte who had previously been appointed tellers by the Selectmen and sworn by the Town Clerk to the faithful performance of their duties.

The business of the meeting being finished the returns were filled out and signed by the Town Clerk.

All the ballots cast at the election were enclosed in envelopes and the same were properly sealed and endorsed. All unused ballots were enclosed in boxes and the same were sealed. The voting lists used in connection with the distribution of ballots and the deposit thereof in the ballot box were certified by the officer who had them in charge and were enclosed in envelopes and the same properly sealed and endorsed. The sealed and endorsed envelopes above mentioned, together with the unused ballots, the ballot box, the keys thereto and the seal were forthwith delivered to the Town Clerk by the presiding election officer who in this and all other matters connected with the election followed and caused to be followed the "Laws relating to Elections" as prepared by the Secretary of the Commonwealth.

At 12:40 A. M. the meeting was declared dissolved by the Presiding Election Officer.

And you are to serve this warrant by posting three attested copies thereof according to the vote of the town, namely, at the Town House, at the Kendal Green Post Office and on the bulletin-board at the junction of South Avenue and Newton Street and Park Road seven days at least before the appointed time for said meeting.

Hereof fail not and make due return of this warrant with your doings thereon to the selectmen seven days at least before the time appointed for the meeting.

Given under our hands this twenty-eighth day of October, 1938.

BRENTON H. DICKSON, JR.,

HERBERT E. TYLER,

B. LORING YOUNG,

*Board of Selectmen.*

Pursuant to the within warrant I have notified and warned the inhabitants of the Town of Weston according to order.

HARLAN C. BERRY,

*Constable.*

### Biennial Election, November 8, 1938

In pursuance of the foregoing warrant, the inhabitants of the Town of Weston, qualified to vote in elections, met in the lower Town Hall in said town, on Tuesday, the eighth day of November in the year of our Lord one thousand nine hundred and thirty-eight, it being the Tuesday next after the first Monday in said month and were called to order at 7 o'clock in the forenoon by Herbert E. Tyler, Presiding Election Officer, who read the warrant calling said meeting and the return of the officer who served the same upon the inhabitants.

In pursuance of and in conformity with the laws of this Commonwealth in relation to elections, the lower Town Hall had been fitted up as a polling place, a space railed off and twenty-seven compartments provided for the use and convenience of the voters to examine and mark their ballots. Before the opening of the polls, the package of cards of instructions, penalties to voters, specimen ballots, etc., furnished by the Secretary of the Commonwealth, had been posted in accordance with the provisions of the General Laws relating thereto.

Grace H. Spaulding and John Harte whom the Selectmen had previously appointed Election Officers were sworn by the Town Clerk to the faithful performance of their duties.

Alice E. Jones and John A. Cain, Jr., whom the Selectmen had previously appointed Ballot Clerks were sworn by the Town Clerk to the faithful performance of their duties.

The ballot box to be used at the election was opened publicly by the election officers who ascertained by personal examination and publicly showed that the same was empty.

The register of the box was set at zero and the box immediately thereafter locked and the key delivered to the Presiding Election Officer.

Packages supplied by the Secretary of the Commonwealth containing 2527 ballots marked "Town of Weston" were delivered to Ballot Clerks by the Town Clerk who took their receipt therefor. The Ballot Clerks, who were provided with a list of the registered voters of the town, stationed themselves at the entrance to the polling place. The polls were then declared open for the reception of votes.

Upon ten occasions while the polls were open the ballot-box was opened and ballots taken therefrom for counting, it being deemed advisable so to do in the unanimous judgment of the Presiding Election Officer and the Town Clerk. The times of thus opening the ballot-box and the number of ballots taken therefrom were as follows:

9.15 A.M.	.	.	.	.	.	.	.	.	.	300
9.30 A.M.	.	.	.	.	.	.	.	.	.	150
9.45 A.M.	.	.	.	.	.	.	.	.	.	50
10.15 A.M.	.	.	.	.	.	.	.	.	.	100
11.55 A.M.	.	.	.	.	.	.	.	.	.	200
1.30 P.M.	.	.	.	.	.	.	.	.	.	150
3.15 P.M.	.	.	.	.	.	.	.	.	.	250
5.30 P.M.	.	.	.	.	.	.	.	.	.	250
7.25 P.M.	.	.	.	.	.	.	.	.	.	400

At eight P.M. the polls were declared closed. Upon opening the ballot box at the close of the polls 55 ballots were taken therefrom, which together with the 1850 ballots previously taken made the number of votes cast in person 1905.

After the above ballots were taken from the box, the Town Clerk handed to the Presiding Election Officer twenty-nine absent voting ballots which he had received. These were opened by the Presiding Election Officer and the signatures on the affidavits compared with the signatures on the applications which had been certified by a majority of the Board of Registrars of Weston. The names of the absent voters were then called by the Presiding Election

Officer, checked by the Ballot Clerks on the check lists and deposited in the ballot-box by the Presiding Election Officer. Upon opening the ballot-box twenty-nine ballots were taken from the box making the total number of ballots cast 1934, the same as the number checked on the voting lists used. The automatic register on the ballot-box read 1935 because, due to a ballot sticking, the register on the box on one occasion registered twice.

The ballots were counted and recorded and declaration thereof made in open meeting by the Presiding Election Officer, and were for the following State and County Officers, Proposed Amendment to the Constitution, Law Proposed by Initiative Petition and Questions of Public Policy:

While the polls were open, the ballot-box and the voting list used in connection therewith were in charge of John Harte and Grace H. Spaulding.

In canvassing and counting the votes the regular election officers were assisted by Marie L. Tilton, Mary McMahon, Anna Smith, Mary E. Cassidy, William J. Henderson, Mae E. Vittum, John Lawless, Jr., Josephine A. Rand, May Stevens, Richard Burgess, Jeremiah Sliney, Alice Cassidy, Bernice M. Reed, Robert A. Currie, Jr., John C. Waters, Jr., Warren E. Vittum, John Harte, Arthur C. Jones, Horace P. Morton, John A. Cain, George H. Welcome, Mary R. Berry, Edward J. Harding, Yvonne M. Jacques, Margaret E. Berry and Muriel R. Vittum who had previously been appointed Tellers and sworn by the Town Clerk to the faithful performance of their duties.

The business of the meeting being finished, the returns were filled up, signed by the Selectmen, countersigned by the Town Clerk and delivered to the Town Clerk to be forwarded to their several places of destination.

All ballots cast at the election were enclosed in envelopes and the same properly sealed and endorsed. All unused ballots were enclosed in boxes and the same sealed. The voting lists used in connection with the distribution of ballots and the deposit thereof in the ballot box were certified by the officers who had them in charge and were enclosed in envelopes and the same sealed and endorsed. The sealed and endorsed envelopes above mentioned, the unused ballots, together with the ballot box, and the keys thereto were forthwith delivered to the Town Clerk by the Presiding Election Officer, who in this and all matters connected with the election followed and caused to be followed the "Laws relating to Elections" as prepared by the Secretary of the Commonwealth.

At 1.07 A. M., November 9, 1938, the meeting was declared dissolved by the Presiding Election Officer.
